FORREST W. EVARTS,
ERMA E. MITCHELL,
CORA L. CAMPBELL,
School Board of Hooksett.

Hooksett, N. H., February 9, 1943.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board of Hooksett:

Due to the immediate demands of defense activities the Superintendent's ninth annual report is brief.

Your teachers, assisted by an able corps of volunteer citizens, are engaged for the fifth time during the past twelve months in registering the population for the rationing of fuels and food.

War conditions and the attendant advance in wage scales have necessitated at least two changes in the corps of teachers. Miss Christine Somerville of Nashua was elected to succeed Miss Irene Menihane in the fifth and sixth grades of the Village School. Miss Somerville is a graduate of Keene Teachers' College and has had more than ten years' experience in teaching elementary grades.

Miss Lydia F. Bellows of Manchester succeeded Mrs. Lois C. Morrill in the Hackett Hill School. Miss Bellows is a graduate of Plymouth Teachers' College and for a number of years has been a successful teacher in large rural schools.

At mid-year Mrs. Bertha H. Hickey of Manchester was elected teacher of the primary grades of the Lincoln Park School, succeeding Miss Rosella Smith who resigned to teach mathematics at Pembroke Academy. Mrs. Hickey, who is a graduate of Keene, taught for eleven years in the public schools of Wilton, New Hampshire.

The report of your enumeration officer for September, 1942, shows 300 children enrolled in the five public schools of Hooksett, also thirty-five attending private elementary schools and sixty-nine pupils enrolled in high schools and academies outside of Hooksett.

It is a matter of regret that a physical handicap has been imposed on some pupils by the discontinuance of community service in the preparation of hot lunches. Even the penny milk ration, available last year, has failed this year to meet our nutritional needs due to the extreme shortage in the milk supply. The war

has revealed in our youth, both men and women, the lack of proper and adequate nutrition. It is anticipated that new federal agencies, similar to the community service formerly rendered by the Works Progress Administration, may soon be made available. To obtain such nutritional service a local appropriation for school lunches should be made by the school district.

The going and coming of defense workers and members of the armed forces add to the danger from communicable diseases among school children. For this reason the services of school nurses everywhere have become increasingly valuable. During the last year forty-four cases of communicable diseases were reported by the school nurse. Physical defects corrected totaled 136 of which seventy-one were dental corrections made by Dr. Mayo in your school clinic of last May.

Sanitary facilities in the Hackett Hill building have been improved by the installation of new toilets accessible by inside entrances from the school room. A similar entrance to wood shed has been provided.

Pursuant with orders received from the United States Fuel Administration, the automatic oil burner in the new Village building was replaced recently by coal burning grates. This change in type of heating equipment considerably increases the labor of janitor and consequently the cost of such service.

So far over 35 tons of scrap metal, rubber, rags, and hemp rope have been collected for defense purposes by your five schools. The Martin's Corner School with an enrollment of 52 children led in per pupil collection averaging nearly 400 pounds per child. The Village with an enrollment of 123 pupils has collected an average of more than 325 pounds per child.

For the third year Hooksett pupils attained highest honors in the Union Spelling Contest. This gave to the schools of Hooksett permanent possession of the trophy cup now deposited in the public library. In the final contest last May the winning team included Robert M. Parker of Lincoln Park, and Rita Powers and Nancy Morse of the Village School.

Music for enjoyment, one of the four aims of this instruction, was demonstrated by the music festival

held in the Town Hall last spring, and in which all your schools participated. Restricted transportation forbids a similar festival this spring. However, chorus groups will share in the exercises of graduation. Without the assistance of the parents and other citizens, community programs of this nature would fail of their objectives.

To all school officials, teachers, and citizen assistants, who by their services in rationing centers, by their individual and collective support of child nutrition, and who by other cooperation in maintaining the efficiency of your schools are contributing to the national defense, there is here expressed the deep appreciation and thanks of your Superintendent.

Respectfully submitted,

GEORGE H. HARMON,
Superintendent of Schools.
